

ANAESTHESIA AND INTENSIVE CARE

Journal of the Australian Society of Anaesthetists

INDEX Volume 21, 1993

(C) indicates correspondence

(R) indicates book review

Anaesthesia and Intensive Care, Vol. 21, No. 6, December, 1993

INDEX

- A comparison between direct and calculated oxygen saturation in the intensive care: Johnson P. A., Bihari D. J., Raper R. F., Haughton M. A., Fisher M. M., Herkes R. G., **72**
- A comparison of caudal epidural bupivacaine with adrenaline and bupivacaine with adrenaline and pethidine for operative and postoperative analgesia in infants and children: Santhosh Kumar T. P., Jacob R., **424**
- A comparison of effects of fixed and tailored cardiopulmonary bypass flowrates on renal function: Valentine S., Barrowcliffe M., Peacock J., **304**
- A comparison of three ported cannulae available in New Zealand: Treuren B. C., Yusuf A., Galletly D. C., Robinson B. J., **337**
- A fatal reaction following scavenged autologous blood transfusion: Azzopardi N., Yabri M., **335**
- A rabbit model for the evaluation of epidurally administered local anaesthetic agents: Hughes P. J., Doherty M. M., Charman W., **298**
- A review of anaesthesia for ruptured abdominal aortic aneurysm with special emphasis on preclamping fluid resuscitation: Brimacombe J., Berry J., **311**
- A survey of cardiopulmonary bypass perfusion practices in Australia in 1992: Wajon P. R., Walsh R. G., Symons N. L. P., **814**
- Abstracts of Papers: Abstracts of the Annual Scientific Congress of the Australian and New Zealand College of Anaesthetists—Adelaide, May 10-14, 1993, **463**
- Abstracts of Papers: Annual Scientific Meeting of the Australian Society of Anaesthetists, Adelaide, South Australia, October 1992, **232**
- Abstracts of Papers: 17th Scientific Meeting of the Australian and New Zealand Intensive Care Society, Auckland, New Zealand, October 1992, **704**
- Achar K. N.; see Achar M. N., **115**
- Achar M. N., Achar K. N.: Efficacy of ketamine infusion in refractory asthma complicated by acute myocardial infarction, **115**
- Acute dapsone poisoning: Chawla R., Gurnani A., Bhattacharya A., **349**
- Acute normovolaemic haemodilution and idiopathic scoliosis surgery: effects on homologous blood requirements: Olsfanger D., Jedeikin R., Metser U., Nusbacher J., Gepstein R., **429**
- Acute renal failure associated with ketorolac: Smith K., Halliwell R. M. T., Lawrence S., Klineberg P. L., O'Connell P., **700**
- Adult respiratory distress syndrome, blood transfusion related: Malouf M., Glanville A. R., **44**
- Adverse reactions to plasma and plasma components: Isbister J. P., **31**
- Air embolism—an analysis of 2000 incident reports: Williamson J. A., Webb R. K., Russell W. J., Runciman W. B., **638**
- Airway obstruction with a cuffed single-use plastic endotracheal tube: Henderson M. A., **370**
- Akalin H.; see Tulunay M., **50**
- Akarsu E. S.; see Tulunay M., **50**
- Al Hajaj W. H.; see Nott M. R., **879**
- Alcuronium effect, delayed onset of, in children with cyanotic congenital heart disease: Keneally J., Goonetilleke P. H., Ramzan I. M., **197**
- Aminoglycoside volume of distribution and illness severity in critically ill septic patients: Marik P. E., **172**
- Amiodarone pulmonary toxicity, postoperative: Morrow B., Shorten G. D., Sylvester W., **361**
- An alarm for monitoring CPAP: Carter B., Clare D., Hochmann M., Osborne A., Fraser T., **209**
- An appraisal of techniques for administration of gaseous nitric oxide: Tibballs J., Hochmann M., Carter B., Osborne A., **844**
- Anaesthesia for aortoesophageal fistula: Ip Yam P. C., van Heerden N., Wright G., **450**
- Anaesthesia for laparoscopic general surgery: Chui P. T., Gin T., Oh T. E., **163**
- Anaesthesia for ruptured abdominal aortic aneurysm with special emphasis on preclamping fluid resuscitation, a review of: Brimacombe J., Berry A., **311**
- Anaesthesia for urinary diversion with ileal conduit in a patient with Morquio-Brailsford syndrome: Nott M. R., Al Hajaj W. H., **879**
- Anaesthesia in rural Queensland: a review of experience with the flying obstetric and gynaecology service: Cyna A. M., **831**
- Anaesthetists and euthanasia: Pollard B., **442**
- Analgesia after caesarean section with intramuscular ketorolac or pethidine: Gin T., Kan A. F., Lam K. K., O'Meara M. E., **420**
- Analgesia following arthroscopic knee surgery, a controlled study of intra-articular morphine, bupivacaine or both combined: McSwiney M. M., Joshi G. P., Kenny P., McCarroll S. M., **201**
- Anaphylactoid reaction to ranitidine in an obstetric patient: Powell J. A., Maycock E. J., **702**
- Anaphylactoid reaction to syntocinon: Maycock E. J., Russell W. C., **211**
- Anaphylaxis, clinical: an analysis of 2000 incident reports: Currie M., Webb R. K., Williamson J. A., Russell W. J., Mackay P., **621**
- Anderson A. J.: (C), **901**
- Anderson T. Y.: (C), **898**
- Antognini J. F.: (C), **123**
- Aortic surgery, intra-abdominal: combined epidural and general anaesthesia versus general anaesthesia: prospective randomised trial: Davies M. J., Silbert B. S., Mooney P. J., Meads A. C., **790**
- Aortoesophageal fistula, anaesthesia for: Ip Yam P. C., van Heerden N., Wright G., **450**
- Apnoea and oximetric desaturation in patients receiving epidural morphine after gastrectomy: Nozaki-Taguchi N., Oka T., Kochi T., Taguchi N., Mizuguchi T., **292**
- Arterial desaturation during induction with and without pre-oxygenation: evaluation of four techniques: Kashyap L., Yaddanapudi L. N., Sandhya, **811**
- Asai T.: (C), **886**
- Ashley J.: see Cade L., **93**
- (C), **479**
- See Cade L., **696**
- Ashley J. E.: see Ross A. W., **280**
- Assisted ventilation, noninvasive, in hypercapnic respiratory failure: Parkes S. N., Bersten A. D., Holt A. W., Vedig A. E., Worthley L. I., **111**
- Asthma, refractory, complicated by acute myocardial infarction, efficacy of ketamine infusion in: Achar M. N., Achar K. N., **115**
- Augustson B.: see van Heerden P., **876**
- Awareness, patient, during anaesthesia: an analysis of 2000 incident reports: Osborne G. A., Webb R. K., Runciman W. B., **653**
- Awareness under anaesthesia: the patients' point of view: Cobcroft M. D., Forsdick C., **837**
- Azzopardi N., Yabri M.: A fatal reaction following scavenged autologous blood transfusion, **335**
- Background infusion with patient-controlled analgesia: effect on postoperative oxyhaemoglobin saturation and pain control: Russell A. W., Owen H., Ilsley A. H., Kluger M. T., Plummer J. L., **174**
- Bacterial contamination of blood products, hazards of: Gottlieb T., **20**
- Baines D. B.: see Henderson M. A., **324**
- Baines D. B.: see Bright E., **351**
